

DURHAM COUNTY LADIES' GOLF ASSOCIATION

Guidance for spectators at Anderson, Sivewright and Thomlinson matches.

We would ask you to follow these guidelines when supporting players.

Inform the opposition Captain if spectators will be accompanying the team to any matches.

Produce your own insurance cover to the Club regarding being a spectator on their course, as the Club/County will not be held responsible for any injuries.

Do not go onto the tees, fairways or greens.

Do not walk ahead of play - stay behind the players from their tee shots until both players have finished the hole.

Stay approximately 50 yards away from the players at all times.

You may help look for a lost ball. Should you find the ball do not touch it, indicate its presence to the player for her to identify if it is hers.

Please be aware of other matches/competitors and ensure that you do not distract them. Maintain total silence when players are on the tees and greens.

We advise that you choose a vantage point to observe from.
